VACCINE HOTLINE

Do you have questions about the COVID-19 vaccine or want to know where you can get vaccinated? Call 1-877-CO VAX CO (1-877-268-2926). Colorado's new vaccine hotline can answer your questions.

JANUARY HOURS: Monday through Friday, 9 a.m. - 10 p.m., Saturday and Sunday, 9 a.m. - 5 p.m.

1-877-CO VAX CO

More information about Colorado's vaccine efforts is available at covid19.colorado.gov/vaccine.

The Colorado Department of Public Health and Environment launched a new call center for the public to ask questions specifically about the COVID-19 vaccine. Beginning Feb. 1, hours will extend to 24 hours a day, seven days a week. The new toll-free number is 1-877-CO VAX CO (1-877-268-2926).

Vaccine call center staff are trained to answer COVID-19 vaccine-related questions, provide information about vaccine providers across the state, and give general information about COVID-19. Fifty operators are available to answer calls and can provide information in multiple languages. Staffing will expand as call volume requires.

The 1-877-CO VAX CO number is the go-to for vaccine-related questions for the general public, but they should continue using the Colorado Health Emergency Line for the Public (COHELP) and 2-1-1 Colorado for general information about COVID-19, such as the number of cases in Colorado, the list of symptoms, or how you can protect yourself.

If there are no additional sign up slots and getting the vaccine off base is more convenient for you, please follow this link to find an off base location: <https://vaccine-finder.nickm.org>.

If you receive the vaccine off base, please be sure to bring your records to the MDG so we can update your vaccination status in the military health record.

Timing of your second shot:

The timing between your first and second shots depends on which vaccine you received.

- If you received the Pfizer-BioNTech COVID-19 Vaccine, you should get your second shot 3 weeks (or 21 days) after your first.
- If you received the Moderna COVID-19 Vaccine, you should get your second shot 4 weeks (or 28 days) after your first.

You should get your second shot as close to the recommended 3-week or 4-week interval as possible. However, your second dose may be given up to 6 weeks (42 days) after the first dose, if necessary. You should not get the second dose early. There is currently limited information on the effectiveness of receiving your second shot earlier than recommended or later than 6 weeks after the first shot.

However, if you do receive your second shot of COVID-19 vaccine earlier or later than recommended, you do not have to restart the vaccine series.

This guidance might be updated as more information becomes available.

# Rocky Mountain Adventure Camp for Military Teens

Sharing three Rocky Mountain Adventure Camp opportunities below for military teens between the ages of 14-19 years old (9<sup>th</sup>-12<sup>th</sup> grades). This Military Teen Adventure Camp will take place on the Colorado State University Mountain Campus in Pingree Park, CO located in Northern Colorado. A limited amount of out of state travel scholarships are available if families need assistance, so please share widely.

Register for the Rocky Mountain Adventure Camps at:

<https://camps.cui.active.com/orgs/RockyMountainAdventureCampColoradoStateUniversityMilitaryYouth?orglink=camps-registration>

To learn more about the Military Teen Adventure Camps visit:

<https://ag.purdue.edu/extension/adventurecamps/Pages/camps-by-location.aspx>

Camp 1 – July 5-8 (maximum of 46 youth housed in two dorms)

Camp 2 – July 12-15 (maximum of 23 youth housed in one dorm) – waiting list only

Camp 3 – July 26-29 (maximum of 23 youth housed in one dorm)

A few things to note:

- Due to the pandemic – we will not be able to pick up or drop off youth at the airport this summer. In the unfortunate event that a camper becomes ill or shows COVID-19 symptoms during camp, the camper will need to be picked up, by a responsible adult, from the CSU Mountain Campus within 6 hours of being called. We don't want this to happen, but we do have to take temperatures and ask for signs of illness daily.
- Out of State Travel Scholarships of \$300 for up to 40 youth are available. The scholarship form will be on the active website with the other forms. It needs to be emailed to us at [rockymountainadventurecamp@mail.com](mailto:rockymountainadventurecamp@mail.com) NOT uploaded as a form to the active.com sight. On the active sight, we cannot tell the order in which forms are returned – to keep track of the first 40.
- Youth must be in high school grades 9-12 (may be graduating spring 2021)
- Time is getting short already for you and us, so sign up asap. We have a very limited amount of slots this year, since we are operating at half capacity and only can offer three weeks of camp.
- Other than your personal transportation to pick up and drop off locations to get the kids to our bus, the cost of camp is a \$35 non refundable deposit due at the time of registration. We are so fortunate to have a grant from DoD, USDA, Purdue University and Colorado State University to host camp!!!!
- If you aren't on our private FB page already, please become a member. <https://www.facebook.com/groups/RMAC2011/>

# New Colorado Gun Laws

1.SB 21-078, Lost or Stolen Firearms: This bill requires an individual who owns a firearm *to report the loss or theft of that firearm to a law enforcement agency within 5 days* after discovering that the firearm was lost or stolen (<https://leg.colorado.gov/bills/sb21-078>). This law will go into effect 90 days after the legislature adjourns its 2021 lawmaking term, which is planned for June. That likely means the law goes into effect in mid-September (A copy of the bill text can be viewed at: [https://leg.colorado.gov/sites/default/files/documents/2021A/bills/2021a\\_078\\_enr.pdf](https://leg.colorado.gov/sites/default/files/documents/2021A/bills/2021a_078_enr.pdf))

2.HB21-1106: Safe Storage of Firearms: This bill requires *firearms be responsibly and securely stored when they are not in use* to prevent access by unsupervised juveniles and other unauthorized users (<https://leg.colorado.gov/bills/hb21-1106>); this law will go into effect 1 July 2021. (A copy of the bill text can be viewed at: [https://leg.colorado.gov/sites/default/files/documents/2021A/bills/2021a\\_1106\\_enr.pdf](https://leg.colorado.gov/sites/default/files/documents/2021A/bills/2021a_1106_enr.pdf))

Safe firearms storage ideas include:

- ✓ Securing firearms outside the home with friend, relative, or a storage facility.
- ✓ Using a gunlock or safe if you chose to secure a firearm inside the home.
- ✓ Storing firearms and ammunition separately.
- ✓ Keeping firearm locking keys secure by using combo lock box or a separate safe.

Government imposters may have hit a new low with a scheme that targets the grieving survivors of people who died of COVID-19 <https://www.militaryconsumer.gov/blog/scammers-target-loved-ones-covid-19-victims>

Government imposters may have hit a new low with a scheme that targets the grieving survivors of people who died of COVID-19 by offering them help paying for their loved one’s funeral expenses.

A real government relief program will pay up to \$9,000 for funeral expenses that people have paid since January 20, 2020 for loved ones who died of COVID-19. Survivors can apply for benefits by contacting the Federal Emergency Management Agency (FEMA) at 844-684-6333. The number is toll-free and multi-lingual services are available.

The program is open to American citizens, nationals of U.S. territories, and non-citizens legally admitted to the United States, regardless of income. If you apply, you’ll need to show documents including receipts for your expenses and a death certificate that says the death happened in the United States or its territories and was likely caused by COVID-19.

The program just began yesterday, but even before it started, FEMA said it had reports of scammers contacting people and “offering” to register them for assistance.

Here’s what you need to know:

FEMA will not contact you until you have called FEMA or have applied for assistance. Anyone who contacts you out of the blue and claims to be a federal employee or from FEMA is a scammer.

The government won’t ask you to pay anything to get this financial help. Anyone who does is a scammer.

The government won’t call, text, email, or contact you on social media and ask for your Social Security, bank account, or credit card number. Anyone who does is a scammer.

Don’t give your own or your deceased loved one’s personal or financial information to anyone who contacts you out of the blue. Anyone who does that and asks for that information is a scammer.

FEMA’s Funeral Assistance FAQs have information about the documents you need to apply for funeral expenses. The FAQs also tell you what to do if the death certificate didn’t identify COVID-19 as the likely cause of death, as sometimes happened early in the pandemic.

If you doubt a caller claiming to be from FEMA is telling the truth, hang up and report it to the FEMA Helpline at 800-621-3362 or the National Center for Fraud Hotline at 866-720-5721. Tell us too, at [ReportFraud.ftc.gov](https://ReportFraud.ftc.gov).

## Training Your Mind to Thrive with Chaplain Brett Campbell

Our thoughts have great power over how we live our lives. Whether we are aware of our thoughts or not, they are continuously telling us what to do, say and think. This can lead us to doing and saying things that make our lives and the lives of those around us harder than they need to be. While we can't stop our thoughts, we can gain control over how we respond to them by exercising our minds. Mind Training is a set of exercises that can give us that control by teaching us to become more focused and aware of our thoughts and then shifting our thought patterns to align more with our values. Join Chaplain Campbell every Monday, Wednesday and Friday from 11 a.m. - 11:30 a.m. on Zoom as he teaches Mind Training exercises and how they can benefit you in your daily life.

## **Some useful and potential career saving information regarding marijuana and/or marijuana extracts:**

Per AFMAN 44-197, para 1.2.2. “Although some state and local laws have legalized the recreational use of marijuana or marijuana extracts, the drugs remain Schedule I substances under 21 USC § 801 et seq., *Controlled Substances Act*, **and their use by military members is prohibited. Exception:** Service members are permitted to use prescription cannabinoid formulations, such as dronabinol (brand names Marinol® and Syndros®) and Epidiolex®, when the medication has been approved by the United States Food and Drug Administration and the Service member has a valid prescription for the medication. Failure by military members to obey the mandatory provisions of this paragraph is a violation of Article 92, UCMJ. Violations of this paragraph may result in disciplinary action under the punitive articles of the UCMJ (e.g., Article 112a, UCMJ). Violations may also result in adverse administration action; criminal prosecution under federal or state laws; or, for ANG members, adverse action under the state military code.”

## **Know what you're putting into your body:**

The Controlled Substances Act places drugs regulated under federal law in one of five schedules based upon an eight-factor analysis. Marijuana and its extracts, including CBD, are Schedule I controlled substances. Although it is true that section 12619 of the Farm Bill removes hemp-derived products from its Schedule I status under the Controlled Substance Act, legislation does not legalize CBD generally and CBD derived from marijuana therefore remains a Schedule I substance under federal law. The Farm Bill creates exceptions to the Schedule I status in certain situations. The Farm Bill ensures that any cannabinoid that is derived from hemp will be legal, if and only if that hemp is produced in a manner consistent with the Farm Bill, associated federal regulations, associated state regulations, and by a licensed grower. All other cannabinoids, produced in any other setting, remain a Schedule I substance under federal law and are thus illegal.

**BOTTOM LINE: Marijuana and marijuana extracts are NOT ALLOWED!**

# CBD AND HEMP

BEFORE YOU USE A PRODUCT THAT CONTAINS CBD OR HEMP, HERE'S WHAT YOU SHOULD KNOW:

## HEMP

- The 2018 Farm Bill defines hemp as...  
*"the plant Cannabis sativa L. and any part of that plant, including the seeds thereof and all derivatives... with a delta-9 tetrahydrocannabinol concentration of not more than 0.3% on a dry weight basis."*

- Delta-9 tetrahydrocannabinol, or **THC**, is the psychoactive substance in marijuana.
- Hemp plants naturally contain THC, but the amount in a plant can vary widely.
- Use of a product with THC could result in a positive drug test.
- **All products containing hemp are prohibited for use by Military Service Members**, regardless of THC concentration. (This does not apply to durable goods such as rope or clothing.)

## CBD

- Cannabidiol (CBD) is a non-psychoactive compound.
- CBD occurs naturally in the plant *Cannabis sativa* L. (marijuana and hemp).
- **All products with CBD are prohibited for use by Military Service Members.** This includes topical, edibles, and tinctures.

# MARIJUANA MYTHS

Think you know about marijuana use in the Military?

Find out what's **MYTH** and what's **FACT!**

**MYTH:** Recreational marijuana is legal in my state so I can use it without any consequences.

**FACT:** Military personnel are not allowed to use marijuana regardless of state, district or territorial laws, including for medical use. Military Service members caught using, possessing, growing or distributing marijuana can be punished under Article 112a of the Uniform Code of Military Justice (UCMJ) or applicable state code.

**MYTH:** There is no problem with Military Service members eating energy bars and yogurt that contain hemp seeds.

**FACT:** Any product with hemp in it may put your career in jeopardy.

Hemp is a plant that naturally contains tetrahydrocannabinol (THC), which is the psychoactive ingredient in marijuana. There is no standard regulation for hemp seed products. Read the ingredients on food you eat and check your Service policy to avoid being punished under the UCMJ.

**MYTH:** It's fine to use cannabidiol (CBD) oil because I can buy it legally at the store or online.

**FACT:** Military Service members can be punished under the UCMJ for using any type of CBD. Although you can buy CBD in many forms such as oils, sprays and gummies, it is illegal for Military Service members to use.

**MYTH:** E-cigarette liquid infused with CBD is safe to use if it doesn't contain other ingredients.

**FACT:** Currently, there is no way to know for sure what you are putting in your body when you use e-cigarettes and/or e-liquids. E-liquids may contain harmful or illegal chemicals that could hurt your health and career.

Vape oils that contain synthetic CBD have caused seizures, unconsciousness, vomiting, racing heart and other negative side effects in Military Service members.
