# A message from TAG on Afghanistan

Fellow CONG Service Members -

As I watch what unfolds in Afghanistan, like many of you, I have mixed emotions—sadness, disappointment and anger, to name a few. Having served there myself in 2010, I know that my service made a difference for the people of that country and the war on terror. The events of the last week in no way diminish or take away my pride in serving. I share this because I know that many of you served in AFG. Some may still be healing from long-lasting physical and emotional wounds, and some of you lost friends and loved ones who served there. Just two weeks ago, we celebrated the life and service of COARNG CW5 Dave Carter who lost his life in the downing of Extortion 17.

Over the last 20 years, the U.S. military provided regional security and assistance to the people of Afghanistan, providing opportunities that hopefully they will continue to enjoy. Those who served and sacrificed made a difference in the lives of many and in the future of the country.

It is hard to predict what will happen, but please know that your service was honorable. If you are struggling, I urge you to reach out and talk with others who have served. Please use the resources that we are fortunate to have. Like you, I have had daily conversations, processing my own emotions, and listening to others. Don't hesitate to reach out.

Thank you for your dedication and selfless service.

BG Laura Clellan The Adjutant General

# ERM and Z Drive Reminder

This is a reminder for everyone about the consolidation of the ERM and Z: drive. The combination of the two will allow for a better Records Management (RM) program and will decrease workload by using one central drive.

The Wing, in accordance with ANGMAN 33-363, par. 3, Management of Air National Guard Records, will be combining the ERM and Z: drive into one folder location. **Records which are currently in the ERM will need to be moved over to the Z: drive by 30 Sept 2021.** As of 01 Oct 2021, the ERM will be wiped of all data and folders.

Also, please check out the new 140<sup>th</sup> Wing Knowledge Management (RM/Privacy/Pubs&Forms/FOIA) SharePoint site at <https://usaf.dps.mil/sites/12068/140%20Wing%20Staff/KM>

# Updated Mask Guidance

DEPUTY SECRETARY OF DEFENSE  
1010 DEFENSE PENTAGON  
WASHINGTON, DC 20301-1010

JUL 28 2021

MEMORANDUM FOR SENIOR PENTAGON LEADERSHIP  
COMMANDERS OF THE COMBATANT COMMANDS  
DEFENSE AGENCY AND DOD FIELD ACTIVITY DIRECTORS

SUBJECT: Updated Mask Guidance for all DoD Installations and Other Facilities

Reference: Deputy Secretary of Defense Memorandum, "Updated Mask Guidelines for Vaccinated Persons," May 13, 2021

In accordance with the updated guidance released by the Centers for Disease Control and Prevention (CDC) on "Interim Public Health Recommendations for Fully Vaccinated People," issued July 27, 2021, the above reference is hereby rescinded.

Beginning July 28, 2021:

- In areas of substantial or high community transmission, DoD requires all Service members, Federal employees, onsite contractor employees, and visitors, regardless of vaccination status, to wear a mask in an indoor setting in installations and other facilities owned, leased or otherwise controlled by DoD.
- Service members, Federal employees, onsite contractor employees, and visitors who are not fully vaccinated also need to continue to physically distance consistent with applicable CDC and DoD Force Health Protection guidance.
- DoD installations, other facilities, and worksites shall, as soon as possible, post signs and post information on their websites clarifying what masking requirements apply in each installation, other facility, and worksite.
- Organizations should consult with their servicing Labor Relations Office for guidance regarding implementation for bargaining unit employees.

CDC guidance and definitions of low, moderate, substantial, and high spread can be found at: <https://www.cdc.gov/mmwr/volumes/70/wr/pdfs/mm7030e2-H.pdf>. Data on levels of community transmission can be found at the CDC COVID Data Tracker website found at: <https://covid.cdc.gov/covid-data-tracker/>.

Personnel coming on to a DoD installation, other facility or workspace who do not have a mask may be provided one by DoD. All DoD personnel should continue to comply with CDC guidance regarding areas where masks should be worn, including within airports. The Department will review and revise all applicable Force Health Protection guidance to address the new CDC guidelines. Further guidance will be provided as appropriate by the Under Secretary of Defense for Personnel and Readiness (USD(P&R)). In addition, the Director of Administration and Management may, as appropriate and in coordination with the USD(P&R), issue further guidance for the Pentagon Reservation.
